IMPORTANT TO MANUFACTURERS AND SPECULATORS.

I this new invention is offered for sale by the in ventors. This Planter was invented by an old cetten planter, and we feel safe n saying it is the bestimelement ever off-red to the south. This Machine concutars and works as follows: Harrows the bed or ridge, and opens the fur row, and dreps the seed, and covers them up; thus completing the whole of the work at one going over, and saves the labor four men and three sorses; and does the work much nicer than can be done in the usual way one-half the Seed tha ;

would be used in the usual way of sowing. Remember seed is worth 30 cents per bushel.

This Machine is also an elegant Cultivator, after the Cotion is up. The front plow, hopper, and covering block may all be removed, and Sorapers acressed on. And then you scrape both sides of the row, and harrow the ground, and plow the cotton, if necessary, all at once, thus saving the labor of at least 5 or 6 hands.

The above Machines can be go' up at a cost of not over eleven dollars, and can be sold in the South for \$ 5 or \$30 as We can be seen at the Sewance House at present. After a few day JUSTICE & GALBREATH

N. Dike's Magnolia Whisky, 'incinnati, Ohio, and other names similar to S. N. Fike As there is no party in this city of the name of S. N. Dike's it is intended to impose and deceive those who would jurchase the genuine brand. I make this statement to put parties on their guard, as there are several persons in the cast and west making an imitation, and name and years when with a slight alternation. I have analyzed using my name with a slight alteration. I have analyzed several amples of this counterfeit brand, and found that it contains a deadly paison: this fact alone impels me to caution the public, protect thos- who are liable to be ecaived and prevent the evil results attending the use of this poisonous imitation. I also hereby caution the counter poisonous imitation. I also hereby caution the countries relaters of my brand that I will prosecute them to the full extent of the law. The genuine S. N. Pike's Magnolia Whisky is distill ed from the best qualitaties of Rye and Corn, and is warranted free from any defeterious or obnexious compount, it being a pure and healthy beverage.

Many parties have recently commenced making a brand of Whisky Called Magnolia, but they are an immitation of whisky Called Magnolia, but they are an immitation. of my trade brand, so be careful and get the only genuine Magnolia Whisky made in the United States, and distilled only by me.
